DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-2 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The limitation directed to making excess fund available to the performer, said excess funds including sale proceeds exceeding the minimum acceptable final valuation not claimed with particularity. It is not clear where these excess funds are obtained. Is the initial amount the offering price. Is the offering price bid at auction? Also, the excess fund definition is open ended and it is not clear where else the excess funds are obtained.

Claim Rejections - 35 USC § 102

1. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by USP 5745885.

The applicant argue that the prior art fails to teach of defining a minimum acceptable final valuation and retaining some the initial investment proceeds to cover a minimum final valuation. As to the initial final valuation, the applicant is applying a narrow reading of this limitation. Claim 1 of the prior art teaches of collecting "sufficient funds" these

funds read on a final valuation. As to the newly added excess funds, the claims read on a scenario where the sale proceeds equal the final valuation and are therefor fully anticipated by the reference.

2. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
